

THANK YOU for supporting the Nepal Earthquake Disaster

Thank you for taking the initiative to fundraise for the Nepal Earthquake Disaster that has killed thousands of people and has left over 2 million survivors in need of access to clean water, food, shelter, emergency supplies and psychological support. The situation is critical and time is of the essence so thank you again for your amazing support to the ground teams of Action Against Hunger UK.

There are many ways you can fundraise for us

£13 can provide an emergency kit including a blanket, soap, bucket and tarpaulin to a family in need

£42 can provide the nutrition treatment needed to save the life of a severely malnourished child and nurse him/her back to help

£140 can fund the rehabilitation of a well for a community to improve access to water

Hosting a one off night

Choose how you would like to fundraise; donating tips, profits, a percentage of takings etc.

Let your customers know via social media, your website etc that you are hosting a special night for Action Against Hunger. Please let us know the date and format for the evening so we can make sure you are promoted through our contacts and social media.

Raffle

Put envelopes on your customers tables asking them to donate £10 and their name will be entered into a raffle to win a dinner for 2 at your restaurant at a future date.

Adding a voluntary £1 donation to each table bill and matching the donations.

It's easy to collect and track customer donations, with no added cost or administration. This is best achieved by configuring your till or electronic point of sale system (ePOS) to add the donation automatically when processing the table bill.

Whilst all till systems are different, we believe that one of the following options will apply.*

Option 1: adding the donation on processing the table bill.

**HELP SAVE LIVES
IN NEPAL**

DONATE NOW

- If available, configure the service charge media button to add on the £1 donation automatically (after service charge).
- If only one automatic option is available, it should be possible to create additional 'end-of-sale' buttons which can be used to add on the £1 manually when processing transactions.

Option 2: creating a menu item called **Action Against Hunger/Love Food Give Food** for the value of £1

- All till systems will allow you to create a new non-food or take-away menu item which is not subject to VAT. Label the item accordingly and then configure it to be added automatically with each table bill, or added by staff manually where required.
- In some instances it will be possible to add a new 'condiment' item for the value of £1 and apply this to every table bill.

*in our experience ePOS providers will be happy to help you to configure the donation free of charge. We will look to provide specific advice where possible, and in some cases also try to put you in touch with existing supporters who are happy to share their knowledge.

Please let me know should you need any electronic pictures, logos etc for your website/social media and I will send them to you.

To pay in the money you raise, please makes sure you include the name of your restaurant so we can send a receipt to you.

About Action Against Hunger

Action Against Hunger | ACF is an international humanitarian organisation committed to ending child hunger. Every day we work to save the lives of malnourished children while providing communities with sustainable access to safe water and long-term solutions to hunger.

With over 30 years of expertise in emergency situations of conflict, natural disaster and chronic food insecurity, we run life-saving programmes in 45 countries helping over 9 million people last year.

Love Food Give Food Campaign

Thank you for your amazing support during this time. We also run an annual nationwide campaign, called the Love Food Give Food Campaign where hundreds of restaurants, chains, cafés and gastropubs ‘**add a £1 on a bill**’ or ‘**a donation on a dish**’ throughout September and October. We would love to have you involved in our high profile national and regional media campaign encouraging consumers to eat out in participating restaurants.

In return we will put a short description of your restaurant on our online consumer restaurant directory alongside your logo and a link to your website and social media. Check out <http://lovefoodgivefood.org/> of current restaurants taking part.

Thank you once again for hosting your own event – with your help we can all make a difference to ensure that the survivors of the Nepal Earthquake receive the urgent care they need.

Good luck and please contact me should you have any questions or queries.
